

Dear Hiring Manager,

I am writing to express my interest in the internship opportunity at BNY Mellon. As a third-year student at Thapar University of Engineering and Technology pursuing a degree in Electronics and Computers, I have a strong passion for coding and a keen interest in learning new technologies.

I have experience in programming languages such as C and C++, and I am currently learning Data Structures and Algorithms (DSA), python and SQL too to further enhance my coding skills. I am eager to learn next generation technologies such as Big data, cybersecurity and cloud.

As an intern at your company, I am confident that I can contribute to the team and gain valuable experience in the industry. I am excited to learn from experienced professionals and to work on challenging projects that will help me develop my skills further.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

Priyansha Mahajan
